The Grammar Magic Seminar will examine a colour-coded grammar system that can improve a student's spelling and writing skills. This seminar will involve teaching and explaining grammatical terms to participants, as if they were in a classroom. The presentation includes colour coding, props, songs, rhymes and dice games to aid learning and remembering the rules of grammar.

This presentation will be a hands-on session involving all participants and utilising a multi-sensory approach to teaching grammar, incorporating explicit teaching techniques. Participants will be taken through each part (colour) of speech and will play games using the Grammar dice to demonstrate how quickly a student's writing and spelling can improve through their increased grammar knowledge.

Primary, early secondary and special education teachers as well as interested parents should attend.

**Presenter: Christine Killey, Learning Made Easy PG Dip, M Ed (Special Ed).**

*Chris has 20 years experience in the educational field as a teacher, author and presenter. Her teaching career includes coordination of SPELD Victoria's Student Learning Centre and running her own special education business; tutoring students with learning difficulties and disabilities. Chris has written books in grammar and maths. She has also introduced new maths and grammar rulers, as well as unique grammar dice, which are proving to be a success.*
